COUNTY YESTERDAY.

Beratching Retard the Work of Counting and Make the Bettyns Late and Unsatisfactory - The Figures.

There was never an election held in

Wheeling before which excited such in-

tense interest as that of yesterday. For the most part the feeling was suppressed and with one or two trilling exceptions noted elsewhere, the day passed off quietly and peaceably at all the polls. An unpre-cedentedly large vote was cast at every polling place, the total vote in the city polling place, the total vote in the city districts being 7,031, an excess of over 1,000 over the vote cast four years ago. The long ticket and the large vote cast made the work of counting slow and difficult, and in none of the wards was the result fully and definitely known until a late hour. The result in the county cannot probably be reliably ascertained before this afternoon.

An unusual amount of challenging was done especially by the Democrats. Every

An unusual amount of challenging was done, especially by the Democrats. Every yote known to be Republican was objected to if the slightest excuse for a challenge suggested itself. In some cases the able challenger overreached himself, for instance, in two cases in the Fourth ward. Mr. Anthony Lally was challenged, and compelled to show his papers. This he promptly did, and at the same time showed a scratched ticket which he had intended voting, but which, changing his mind, he tore up, substituting a straight Republican ticket. The same thing happened to a young German, heretorore a Democrat, who had announced his intention to yote a young German, heretorore a Democrat, who had announced his intention to yot the Republican ticket. He had scratched his ticket, but when challenged substitu-ted a straight Republican ticket.

THE RETURNS. The returns were slow in coming ir from the various precincts last night. The indications were that the county had gone Democratic throughout with the exception, possibly, of one member of the Leg islature and one Assessor. The Republican candidates were disposed to concede this at midnight.

can candidates were disposed to concede this at midnight.

In the Second, Fifth and Eighth wards the counts were completed before the INTELLEGENCH's hour for going to press, The results in these precincts will be found below so far as accessible last night. In the other districts the way the vote stood at a late hour is indicated.

At 2:30 A. M. the count in Washington district was not nearly completed, there being about 250 tickets yet to count. Maxwell then led Wilson 19 votes.

Accused of Perjury.

Charles Wells, a colored man, who has lived at Martinsburg nearly all his life, and who came from that place to Wheeling last June, was committed to jail yesterday by Squire McCahon on a charge of false swearing. Wells offered to vote at the Court House, but was told that he must vote in the Fifth ward, as he has lived and been employed at the Female College for the past two months. He did vote there, and his vote being challenged he was sworn and examined. Afterward the justice, attorneys say Illegally, sent him to jail for a hearing to-day on a charge of perjury. The interest which had led to care and hard work in getting out the vote yesterday, last night took the shape of eager

curiosity to get the returns. In front of both morning newspaper offices great crowds of men-gathered early and staid late. In front of the INTELLIGENCER office the crowd reached clear across the street, and extended twenty or thirty feet on each side of the windows. As dispatches from Ohlo were built-lined, oheer after cheer would go up. As a general thing the cheers were not so hearty over West Virginia news, though occasionally favorable returns would rouse the enthusiasm of the evidently Republican gathering.
